TECH CENTER 1600/2900

Commissioner For Patents  
Washington, DC 20231

Dear Sir:

In response to an office communication dated July 25, 2002 in the file of the above-identified application, which imposed a requirement for restriction and election of species on the applicants, the applicants respond herewith as follows:

A. Please amend Claims 14 and 15 as follows and the amended claims are believed to be drawn to one of the statutory inventions:

14. (Twice Amended) A method for reducing platelet aggregation and thrombogenicity in a human or nonhuman animal comprising the step of <sup>increasing the</sup> ~~increasing the~~ <sup>3</sup> activity of the ATP diphosphohydrolase of claim 1 sufficiently to reduce platelet aggregation and thrombogenicity in the human or nonhuman animal.

15. (Amended) A method for reducing platelet aggregation and thrombogenicity in a human or nonhuman animal comprising the step of increasing the activity of an ATP
